Smith Urges Milam Farmers To Release All Unplanted Acres

John A. Smith, President of the Milam County Farm Bureau asked today that all farmers in Milam County release all of their unplanted acres of cotton now the A. S. C. office Cameron, Texas. April 18, 1955 is the deadline to release the unplanted acres.

No farmer looses his total in acres allotted him by so doing, but should he not want to plant any of his acres he can get the same credit as if he had planted by releasing them to the local A. S. C. office and all release acres go into a pool.

The County A. S. C. Committee then can allot additional acres from this pool to farmers who are asking for increase allottments. No one loses in this set up and the county history is kept up.

President Smith said that Milam County was allotted 10,000 less acres in 1955 than in 1950 and if this record is kept up Milam county would be out of the cotton business in a few years. Smith urged each farmer to write our Congressman and urge him to enact some legislation to relieve this situation in Central Texas.

Milam County Broiler Show Entry Blanks Released By C of C Office

The Milam County Broiler Contest has drawn approximately 39 sponsors it was announced this week by the Chamber of Commerce office. This tops the list of 20 sponsors registering in last year's contest.

Leo Fuchs, chairman of the Poultry Committee said more interest has been shown up to date by both the contestants and sponsors. Plans are underway to make this one of the highlights of the year for 4-H an FFA youths in Milam County.

Entry blanks have been sent to the county agent an all of the agricultural teachers in Milam county and are available to the boys and girls. A deadline for entries will be announced at a later date.

Mrs. Eugene Smitherman, manager-secretary of the local C of C, stressed the fact that each contestant must keep an accurate record of his flock of chickens after they are presented to him. This record will be submitte to either the county agent or agricultural teacher.

Presentation of the chicks by the sponsor to the boys will take place at the courthouse on March 4, 1955 at 5 p. m. Following the nine-week growing period, whch is Saturday May 7, 1955, the contestants will choose the five best chickens from the flock an will then enter them in the poultry show held on that ay. The five best chickens will be returned to the boy's sponsor while the remainder of the flock is his to keep.

Also, an award banquet will be held on May 7 at 7:30 p. m. and each sponsor will take his contestant to the banquet for the presentation of awards.

Preparations Made For McCullin Civic Award At Chamber Office

The Cameron Chamber of Commerce reports that nomination blanks for the McCullin Civic Award are now available at the Chamber of Commerce office.

Each year the award is presented to some citizen of the community who has devoted his or her time to outstanding, unselfish service to the community in order to make it a better place in which to live. The award is accompanied by a loving cup. The person receiving the award has his name engraved on the cup and keeps it until the following year when it is presented to the next recipient of the award.

The cup was donated to the Junior Chamber of Commerce, the Business and Professional Womens Club and the Chamber of Commerce by Mr. A. W. McCullin.

These organizations are also entrusted with the responsibility of selecting an outstanding citizen to receive the award each year. Selection of this person is made from nominations presented by any individual or organization in Cameron.

Any person or organization desiring to submit a nomination for the award is asked to secure a nomination blank at the Chamber of Commerce office. Deadline for submitting nominations is February 23, 1955.

Sow Has Litter Of 21 Baby Pigs

Charles Bailey of Maysfield had a sow pig which he gave to Rufus Rious on the halves. Wednesday, the sow had her second litter of pigs, on actual count her new family numbered 21.

Bailey said that all the neighbors some 70 years old and older, said this was the largest litter they had ever seen.

So far only four of the little pigs have died, leaving the mother, Rious and Bailey the problem of feeding the remaining 17. Bailey said they were going to try to raise the new family, at least part of it, on bottles until they are old enough to "root" for themselves.

Yoes Beat Ducks 51 - 48

The books were closed Tuesday in the District 22-AA basketball season with the Cameron Yoemen beating the Taylor Ducks, 51-48.

The win was the fourth one for the Yoemen in the district; they have lost six games.

Joseph Michalka was the high point man for the Yoemen with 17 while Fred Petmecky tossed in 16 points. It was Eddie Griffin of Taylor who captured high pointman honors for the game with 18.

Benny Massengale of the Yoemen had nine points while Jimmy Rettig scored five and John Duncan four.

For Taylor Jack Baker had 12 and Clifford Mucha had 10.

The Yoemen outplayed the Ducks in every department and lead at all times. At the end of the first quarter it was the Yoemen, 14-12; at the end of the half, the Yoes lead, 31-25 and they still lead 44-38 at the end of the third period.

The little Ducklings, however, won the B game, 44-36. High for the game were Leroy Draun of Taylor with 14 and Gilbert Mochnke of Taylor with 13. Burk Barr had 9 for Cameron while Butch Polzer scored 8, Gene Hilliman, 6; Tom Collins and Chili Williams, each with four.

Tuesday nights game was the last one for Yoe High School as far as Joseph Michalka, Fred Petmecky and Jimmy Rettig are concerned. All three are on Coach Dick Young's starting lineup. Massengale and Duncan are juniors and will be back next year.

TB X-Ray Mobile Unit Here February 25,26,28

The Tuberculosis X-ray unit will be in Cameron at the Hefley-Stedman Motor Company February 25, 26 and 28 from 8:30 a. m. until 5:30 p. m. Everyone has been urged to make preparations NOW to attend and have their xray made.

It is important to every person in this and surrounding communities that everyone have their x-ray made. Large numbers of people are needed to make the x-ray survey accurate. The number of Texans x-rayed in statewide surveys have grown from 1,017 in 1947 to 5,392 in 1953. In 1954 the number dropped back down to 4,879.

The need for having an x-ray made cannot be emphasized too greatly, a constant guard and yearly x-ray is necessary to guard against tuberculosis.

There is no inconvenience to having an x-ray made, the x-rays are made while the person is standing up, fully clothed. It requires less than one minute for the xray to be made.

Another factor pointed out by those in charge of the mobile unit this year was that this definitely is not charity, it is paid for by the peoples tax money, and to take full advantage of the taxes already paid each individual should see that he or she is present to have their x-ray made.

One of the most important things in Tuberculosis is catching it in its early stages, then a complete cure in a matter of weeks or months is possible. But, if the x-not discovered until the worest stage the cure becomes more difficult and is sometimes impossible.

In a lot of instances the person not participating in a program can justify their non-action by reasoning, 'I'm not hurting anyone but myself". In this case the one not participating is hurting many besides himself, there is his family, his friends and their friends.

Make your arrangements today to spend the minute required to have your x-ray made.

The Unit will be in Thorndale at the Smith Electric Store on February 21 and 22. On Monday, Feb. 21 the unit will remain open from 12 noon until 5:30 and on Tuesday, the 22nd, from 8:30 a. m.. until 1 p. m.

On February 23 and 24 the Unit will be at the Gaithers Motor Co. in Rockdale, from 8:30 a. m. until 5:30 p. m. on the 23rd and from 8:30 a. m. until 1 p. m. on the 24th.

Bobby Barnett of Baytown spent the weekend with his grandmother, Mrs. Lottie Bigbee.

New Board of Directors Announced At C of C Directors Meeting Friday Noon

The Board of Directors met in regular session on Friday, February 11 in the Milam Coffee Shop.

A report from chairman Leo Fuchs of the Poultry Committee, stated that the goal of fifty sponsors and contestants had been set for this year's Milam County Broiler Contest, and that they were ten short of that goal.

The contest in 1954 was participated in by twenty-one sponsors, and this year the interest and enthusiasm is greater than ever.

Charles Brady, reporting for the Election Committee, reported that the following directors had been elected to serve the 1955 through 1957 term of the Board of Directos: E. A. Perrin, Dana Kestenbaum, E. C. Cole, Bill Burns, C. A. Jackett, Calvin Markham, Richard Williams and Jimmy Wiggs. A vacancy on the board was created by the moving of Woodrow Lowe and Charles Burke will serve his unexpired term which will end in 1956.

President McKee appointed a nominating committee; composed of Richard Moseley, Bill McIntosh and George Bowman to make nominations for president, first vice president and second vice president for the coming year.

McKee also stated that contacts and correspondence had been made recently for some industries to locate in Cameron and nothing definite had been decided to date.

The Board of Directors moved to work closer with the Farm Bureau in the future on all agricultural projects sponsored by the Chamber of Commerce.

Mr. McKee expressed his appreciation for the fine attendance and for the splendid cooperation he had received from directors and members of the Chamber of Commerce during his tenure as president.

Businessmen Approve 6 Holidays For 1955 In Recent C of C Poll

A poll conducted by the Chamber of Commerce to decide the holiday schedule for 1955 has been completed.

A list of the following holidays were sent to all businessmen who are members of the Chamber of Commerce: Good Friday, (12 p. m. to 3 p. m.) Brotherhood Week Feb. 20 - 27

Brotherhood Week will be observed February 20-27, this year. It is a week that has become established as one of our great educational and spiritual institutions.

For the first time in history people have been discovering that they can substitute understanding for tolerance, reconciliation for irreconciliation, brotherliness for bitterness, love for hate.

Through the centuries people did not know why they hated those who were different. They did not realize that upon persons of other races and other creeds they were projecting their own negative feelings.

Now that they have found that the source of much of their hosti-

Cameron Ministerial Alliance Now Open To All Christian Churches in Cameron

The Cameron Ministerial Alliance held its regular monthly meeting on Monday, February 7, at the Presbyterian Church with the following preachers present, Revs. John Solomon, Jim McKeown, H. Brown, Lambert, A. F. Russell, H. M. Bowley, and Whiteside.

It was decided to open the doors of the Cameron Ministerial Alliance to include all the Christian ministers in Cameron. Such a move, it was felt, would not only strengthen the alliance but would also help the respective churches to make more of an impact upon the community. Therefore any Christian preacher in Cameron, who is not now a member of this organization, is cordially invited to attend and take an active part.

The appointment of a program committee for he alliance highlighted the business session. Bros. Bowley, McKeown, and Solomon Also, a date was set for a "family night" dinner to which all the ministers, their wives and children were appointed to this committee. are invited. The date for this gathering has been set for May 2 but the place has not yet been decided upon.

The next meeting of the Cameron Ministerial Alliance has been scheduled for Monday, March 7, at the First Baptist Church. Speaking for the alliance, Harsh Brown, Secretary, says: "If you are preaching the gospel in Cameron, consider this an invitation to participate in the Cameron Ministerial Alliance."

Mrs. J. F. Howard, Former Resident, Dies In Waco

State Commander Guest Speaker At Legion Membership Barbecue

Camerons American Legion Post climaxed its membership campaign February 8 with its annual barbecue.

Several out of town guests were present. The State Commander, E. L. (Stonewall) Jackson of Cisco was here, accompanied by two of his buddies, Holland Nex of Cisco and Paul Brashear, State Congressman from the 76th District. W. A. Hawkins, the District Commander of Waco, was also present, bringing with him John Bilbrow, a Leginoaire also of Waco. Killeen, which has the largest post in Texas, was represented by the post adjutant, Bill White.

The program was turned over to the district commander who introduced Stonewall Jackson, the main speaker for the evening.

Commander Jackson gave a sincere and forceful message on just what the American Legion stands for and promotes. The veterans rehabilitation program was discussed, showing the ever present need and how it is continuously threatened. The child welfare program, designed to help children of deceased or disabled veterans was emphasized, with education for all boys and girls now being promoted at the National and State level.

The local organization was told about the need for local participation.

The fourth principle on which the legion stands is devoted to service to the community, state and nation, and each member was encouraged to study the need and contribute in any way possible.

Commander Robert Glenn reported that he was very pleased with the large turnout and also by the fact that Camerons Legion Post went over the top in the membership drive in their 1955 drive for members.

Wilkinson Stars On Television Saturday

Richard Wilkinson of Cameron made his television debut in the hillbilly world Saturday night. He appeared on the Clyde Chesser "Bluebonnet Barn Dance" Saturday night over KCEN-TV, Temple, channel 6.

Committee's Plans For Corner Stone Approved By School Board

At the Wednesday night meeting of the Cameron School Board John Henderson, chairman of the committee in charge of the opening of the corner stone of the Milam county Liberal Institute, was given the 'go ahead' sign with plans he presented to the board.

Seven points were listed by Mr. Henderson and his committee for the ceremonies and they are as follows:

1. That the Mayor and Chairman of the School Board jointly preside at the ceremony.

2. That the Yoe High School band participate, particularly at the beginning and at the close of the ceremony.

3. Have the hour of the presentation fixed so that the school students may attend.

4. That an inventory of all the contents of the corner stone be taken and also that they be reproduced by photograph.

5. That a short talk be given by a representative citizen who had some connection with the school, as the contents are presented to the present school system.

6. That the corner stone be sealed again with the original relics along with newspaper accounts of the proceedings.

7. That the corner stone be reset in a suitable position on the present site in memory of those who worked hard toward early education needs in Cameron and Milam County.

The seven suggestions were signed by John Henderson, Bess Triggs, O. B. Horstman, Osxheer Smith and Lula C. Gillis.

Next a committee consisting of Leo Fuchs, W. A. Vogelsang and Herbert Colburn was appointed regarding the purchase of new buses for the next school term.

Another committee of Frank Reid, Fuchs and Dr. Clifford Swift was appointed to work with Guy Clement in an attempt to enlarge the Industrial Arts facilities.

Vogelsang reported that the school system had a clear title on the North Elm school property. The board members decided to put an ad in the paper announcing that the property would be for sale to the highest bidder. Deadline for bids was set at midnight, March 5.

The committee that was appointed to take charge of placing a fence around the track at the football field agreed to meet soon.

Dr. Swift reported that the Texas Power & Light Co. stated that it was impractical to place flood lights on Ben Milam School The board authorized Dr. Swift to see if Vapor lights could be place in front of the school and on Lee Avenue, east side of the school.

Texas Alcoans Produce Aluminum for the Nation's Newest Type Buildings

All over the nation a great change is taking place in architecture. Buildings of ALCOA aluminum are changing the skyline of America to one of practical, economical beauty. And your ALCOA neighbors are taking an active part in it all.

This dramatic development started many years ago with the use of ALCOA aluminum spandrels in many of the nation's foremost buildings. It reached its most dramatic stage with the construction of the 30-story aluminum-clad ALCOA Building in Pittsburgh. The complete adaptability of ALCOA aluminum to all kinds of architectural applications continues to be demonstrated in such buildings as New York's Tishman Building, Republic National Bank Building in Dallas, and the Prudential Building under construction in Chicago. ALCOA aluminum proves itself to be practical and economical in almost every phase of building construction . . . thin, light aluminum exteriors; aluminum windows; aluminum wiring and conduit, acoustical ceilings and interior trim.

Aluminum buildings have been rising all across the country—offices, schools, hospitals, hotels. Each new building demonstrates the design versatility and usefulness of ALCOA aluminum in architecture.

This trend can mean big things to all of us here. It means a continuing increase in demand for ALCOA aluminum, which plays an important part in this expanding field of architecture.

In The House of Representatives

BY HERMAN YEZAK

February 7-10. A bill to license Naturopaths was sent back to a committee from the floor of the House. The bill was reported out favorably by the Public Health committee and it was sent to the State Affairs committee by a vote of 92 - 46.

Passed by the House was a bill providing for a summary sale of property by the Tax-Assessor Collector on which taxes had been unpaid for seven or more years.

The Senate extended the time for investigating the Veteran's Land Program for sixty more days from February 15 to April 15. In the meantime, the House committee has started a thorough approach of the Veteran's Land Program irregularities by summoning twenty former employees of the Veteran's Land board for questioning.

A bill was introduced regulating the purchase of land by veterans where four or more veterans wish to purchase land from a single seller.

On Tuesday the House voted to cut into half the license fees on motor buses after a debate for over an hour on the measure.

David Brian, known to the radio and television audience as Mr. District Attorney, visited the House of Representatives on Monday.

The House committee on Criminal Jurisprudence held a public hearing on two bills banning the sale of lewd and corruptive literature. The committee agreed to consolidate the two bills into one.

Among the new bills filed this week were the following:

1. Levy an annual tax of ten dollars on persons or firms that sell goods or services to state agencies.
2. Increase maximum payments of the workmen's compensation to forty dollars a week.
3. Allow the Aeronautics Commission for its administration one-fourth of the gasoline tax now being refuned its aircraft owners.
4. Allow the State to claim dormant bank accounts. An identical measure met defeat during the last session.
5. A plan to label re-conditioned motor oil when it was sold to the public.
6. Provide for licensing and regulation of auto wreckers, junk dealers, and re-sellers of used motor vehicle parts for re-sale.
7. There were 90 other House Bills introduced this week of local and general application.

During this session 445 House Bills have been introduced. Observations point out that over a thousand bills will be introduced, and this is considered a conservative estimate. The House passed twenty House Bills to final passage this week.

Committee hearings are being conducted in the afternoons and at nights. During this week, House committees reporte favodrably on thirty House Bills.

News About Your Social Security

Social security information, as it applies to many more household employers since January 1, is given in the new booklet, "Do You Have A Maid?", just issued under the joint sponsorship of the Internal Revenue Service and the Social Security Administration. It describes the first step to be taken by every employer of domestic help who pays an employee $50 or more cash wages in a calendar quarter of the year for work in a private household.

Copies of the booklet may be obtained by writing the Austin Social Security Office or Internal Revenue Office, it was announced today by James B. Marley, district manager of the Social Security Administration, and District Director of the Internal Revenue.

Because of the broadened coverage of domestic workers, many more household employers are now required to report the cash wages paid their employees. It is no longer necessary that a domestic employee work on 24 or more days in a calendar quarter for a single household employer in order to get social security credit for the cash wages paid.

The new booklet, officially designated as OASI-21, contains a cut-out post card which the household employer should use to obtain the form on which the cash wages of domestic workers are reported to the District Director of Internal Revenue.

MH-B To Hold Red Cross Nursing Instructors Course

A Red Cross home nursing instructors' course to be offered at Mary Hardin-Baylor college Feb. 14-23 is open to the residents of Central Texas, according to an announcement by Dr. C. A. Anderson, dean of the college.

The course, which includes care of the sick, home nursing and emergency civil defense measures, will be taught by Miss Eva Robitaillo of Gatesville, who is a representative of the St. Louis Red Cross office. The home economics department of Mary Hardin-Baylor is sponsoring the class.

Registration will be in room 27 in Wells Science hall, where the classes will meet each day during the eight-day period from 3 to 6 and 7 to 10 p. m. A college fee of $7.50 will include textbooks and baby-sitting facilities for any in the area who wish to leave their children in the nursery.

Those who wish to qualify as instructors of home nursing courses will be required to attend 32 hours. For further information call Dr. Anderson or Mrs. Ruby Seal Dennis, head of the home economics department, at the college.

N. Texas Blacklands Can Be Stretched

A Texas Research Foundation scientist said at Romer Saturday that a tiny seed, smaller even than a pea, had the magic power to "stretch" the North Texas Blacklands to one and one-half times their present size.

"That seed is hubam clover. By increasing the fertility of the soil through its cultivation, a farmer can make two acres do the work of three," Fred M. Shaw, senior agronomist and head of the Foundation's agricultural relations division, explained

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

Soil Conservation Service Technicans are giving highest priority to the establishment of farm waterways from now until spring. Milam county A. C. P. is again offering cost share assistance on seed bed preparation, seeding of K. R. Bluestem or sodding Bermuda grass and needed fertilizer, plus a new feature, which is cost share assistance on shaping a waterway. The total assistance is about one-half the total cost.

Some cooperators who have already started working on their waterways are Gordon Baskin, Steve Polzer, Robert Titsworth, W. A. Kornegay, V. L. Angell, George Dodd and others throughout the county. S. C. S. technicans are arranging schedules to design and stake out other waterways as the applications come in.

Since the recent good rains, conditions for waterway establishment are the most favorable since 1950. District supervisors feel that this will be the year to get that waterway established and ready for terrace water at a later date.

Pasture improvement ranks high as one of the conservation needs in Milam County.

Because of the Milam County A. C. P. Committee recognized this need, a practice designed to give cost share assistance for pasture over - seeding and pasture fertilizing has been developed for the county.

Cooperators will use this practice to over - seed native grasses with better grasses or legumes to give more complete cover; then fertilizer will be used to obtain better growth and show the advantage of proper fertilization. This practice is different from any practice used previously as we have always had to put out seed to qualify for fertilizer, while now if there is grass present and the need is only for fertility, then cost share assistance will be given for the needed fertilizer. Farmers in the sand will use this to some extent to get grass cover on the old fields that have not been cultivated for several years. In the blackland less fertilizer will be needed but in most cases either a legume or grass will be overseeded.

Survey Out For Poultry Congress

A survey on the possibilities of a poultry congress in Waco during the winter months went into the mail today, according to Ovid Youngblood, Chairman of the Poultry Committee of the Waco Chamber of Commerce.

The questionnaire goes to over 200 poultry breeders, feeders, hatcherymen, and poultry equipment dealers throughout Texas. Answers to the questions in the survey will determine whether or not the show will be held this year.

"An Old House And A Loney Heart By Mrs. Batte Receives Acclaim

Mrs. Lelia McAnally Batte, of Cameron, well known for her poetry and writings was honored recently by the Composers, Authors and Artist of America, the Fort Worth Chapter, when they asked her to become a member of their organization.

Later they requested that she submit a poem to be published in their book "Our Best Poems".

It was pointed out in the foreword written by Paul and Jennie Heard, who edited the book, that all of the contributors consider the poem they contributed to be the best. Many being prize winners.

Mrs. Batte's poem was;

An Old House And A Lonely Heart

An old, old house bears the scars of years;
A century of laughter, pain and tears.
The rooms are furnished in their accustomed way,
Marked with bygone times and styles of to-day.
The pictures look down from their place on the wall,
The silence intense; one may hear a pin fall.
No toys lie scattered, no disorder about,
No slamming of doors, no children to shout.
No grown-up to restlessly walk the floor,
No one shouts a warning to "Close the door."
Without and within the house holds its breath
For a big empty house is sadder than death.
My heart weeps too, for those happy days,
When Life offered joy in so many ways.
For joyous children played all day long,
And rivalled the mockers with their song.
Their pictures hang on the walls of my heart,
And I try to smile lest my sad tears start.
For an old, old house lives in days gone by,
And a lonely heart must never, never cry.

Mrs. Johanna Senkel Honored on 80th Birthday Sunday

Mrs. Johanna Senkel was honoree Sunday at the home of her son and daughter- in law, Mr. and Mrs. Edward Senkel of Buckholts for a family dinner and reunion in celebration of her 80th birthday.

Mrs. Lex Daniel and Mrs. Edward Senkel, co-hostess were assisted by other family members who brought covered dishes and all the fine trimmings to make the occasion a happy celebration. Dinner was served family style to 19 guests at the noon hour in the dining room. Focal interest was her beautiful birthday cake, frosted white with the inscription "Happy Birthday Mother," lettered in blue across the top.

Mrs. Senkel was born in Manenwerder, Germany in 1875 and came to America at the age of 8 years. Her three children, Fritz Senkel, of Cameron, Mrs. Lex Daniel and Edward Senkel of Buckholts, and four grandchildren, Hal Lester Senkel, Milton Daniel Mrs. Albert Drozd of Houston, Adeline Senkel of Dallas and Erna Senke of Cameron were all present, with the exception of Mrs. Drozd who was unable to attend.

Mrs. Adams Hosts Presbyterian B.W.C.

The Business Womens Circle of the First Presbyterian Church met in the home of Mrs. H. V. Adams on Monday night at 7:30 p. m. with eight members and two guest present.

Mrs. Meta McCowan gave the Bible Lesson for the meeting the subject "Getting Right With God".

Mrs. McCowan a beloved member of the circle and a well informed Bible student gave a most interesting lesson on this subject.

Mrs. Margaret Tag gave the "Lets Talk About" from the Presbyterian Women magazine, the subject for this month being a study of the lives and living conditions of India. Mrs. Tag brought a map and as she gave the study pointed on the map to the different locations which brought it more exacting to the members mind of the great need for Christian work to be done in this field of India.

Miss Lenora Bickett Circle Chairman opened the meeting and asked Mrs. Katheryn Robbins to give the invocation. Roll call and reading of minutes was given by Miss Irene Williams, secretary and treasurer of the circle.

At the close of the program the hostess, assisted by Miss Dallie Young, a guest, served delicious cherry pie topped with whip cream, coffee, and hot tea. Mrs. Edwin Adams, vice-president of the Women of the Church was a most welcomed guest for this meeting.

The March meeting will meet in the home of Mrs. Mary Lawrence, 208 N. Crockett Street.

Houston Relator Named Head of Episcopal Campaign

William G. Farrington, Houston realtor has been named general chairman of the $2,250,000 Episcopal Educational Building Campaign it was announced by Bishops Clinton S. Quin and John E. Hines.

These funds will be used to provide for the church's educational program throughout the Diocese of Texas.

In making the announcement, Bishops Quinn and Hines said, "We are indeed fortunate to have a man of Mr. Farrington's energies and abilities as the head of this campaign. A large portion of the funds subscribed will be used to expand the facilities of our seminary, a cause for which Mr. Farrington has worked hard in the past."

Research Warranted In Heart Disease; Texas Fund Drive On

There is little wonder that hope for those with heart trouble the underlying theme of the 1955 Texas Heart Fund campaign, now under way here and in thousands of other communities.

And why is hope warranted? Consider these facts:

1. RESEARCH. In the past few decades, astounding progress has been made in the development of new drugs, new therapy, new surgical procedures, new study and diagnostic tools and new knowledge about the human heart. But the surface has scarcely been scratched. It follows that medical science, while it is tracking down the causes of heart disease, will make ever greater advances in treatment and prevention. This will be done as our medical acientists receive increasing support through the Heart Fund.

2. EDUCATION. Fear is giving way to hope. Myths and superstitions about the heart diseases, which create unnecessary anxieties and deter sufferers from the proper management of their heart conditions, are being replaced by truths and facts — thanks to educational programs also supported by your Heart Fund dollars. Furthermore, your Heart Fund dollars will help speed vital new information about the heart diseases to physicians throughout the country.

3. COMMUNITY HEART PROGRAMS. In our community there is a continuing need to give heart sufferers the guidance they need to live happily with their hearts, and to continue as useful and productive members of society. Here, again, your Heart Fund dollars perform a useful service. Here, again, the outlook is bright with hope.

Our hope is that the 1955 Texas Heart Fund will be crowned with success in abundant measure.

Frank Tyson Of Milano Attends S. W. Homecoming

Helping Southwestern university to celebrate the 115th birthday on Feb. 5 was Frank Tyson of Milano an ex-student of the university.

The observance of two events took place — Charter Day and the annual homecoming for all ex-students of the college, the oldest university in Texas.

Special tribute was paid to ex-students who are authors, past editors of campus publications, co-eds elected "Miss Southwestern" during the years, and members of the graduating classes of 1954, '44, '34, '24, '14, '04, 1894, '84, '74.

One of the highlights of the day was the singing by the massed choirs composed of all former members of the a'capella choirs and directed by Professor John D. Richards. Other activities included the traditional barbecue, open houses at fraternity houses and dormitories, a basketball game and dance.

Sweet Corn, Snap Beans, Rice On March Food List

All items on the USDA's March plentiful foods list are in good supply in the Southwest, reports Mae Belle Smith, consumer education specialist for the Texas Agricultural Extension Service.

Stocks of canne sweet corn and canned snap beans as well as rice are so large that USDA is featuring them during the windy month.

Other plentifuls include such meats as heavy turkeys, beef pork, frozen haddock and halibut, shrimp and canned tuna.

Also, such high protein content foods as eggs, milk, cheese and other dairy products are in abundant supply.

Only three fruits made the offical March list—raisins, fresh and processed oranges and grapefruit.

Pinto beans, lar, vegetable fats and oils round out the USDA's monthly listing for March.

$762,000 Made Available For Jewish Appeal

More than $762,000 was made available in Houston Sunday to the United Jewish Appeal's 1955 nationwie campaign by 56 Texas, Oklahoma, Arkansas and Louisiana cities to conclude a two-day Regional Conference of the UJA attended by more than 400 Southwest leaers at the Rice Hotel.

The 1955 United Jewish Appeal campaign, which will be opened officially at a National Inaugural Conference, February 26,27 and 28 in Miami Beach, Florida, has a goal of $99,521,275 to meet urgent settlement, welfare and rehabilitation nees in Israel, Europe, Moslem lands and the United States.

Captain Joshua L. Golberg, the Chief Chaplain, 3rd Naval District, told the 400 assembled conferees that the United Jewish Appeal in 1955 "must provie aid for 472,000 immigrant and distressed Jews in close to two dozen countires, including 126,000 children."

Among the most urgent projects, this year, Captain Golberg state, was the comprehensive plan, already under way, for speeding the movement of Israel's new immigrants from tension-riden North Africa directly to new homes and new jobs in specially prepare agricultural settlements. Failure to raise the funds required to transport and settle the 35,000 newcomers expected in 1955 from Tunsia and Morocco, Captain Goldberg warned, might result in a demoralizing delay in integrating the new arrivals in the productive life of the new state. It is estimated that upwards of $35,000,000 will be needed to meet the costs of this one project alone.

5,846 Enter; 5,856 Leave Armed Forces

A total of 5,846 Texans entered the armed forces in January, 5,856 being separated during the same time, a report from the office of Brig. Gen Paul L. Wakefield, state Selective Service director, revealed Wednesday.

Of the 5846 entering the uniformed services, 4,561 went in by enlistment or some other voluntary basis. The remaining 1,285 entered service through the state's 137 draft boards. About half of those going in through the draft boards volunteered for induction prior to the time they were selected.

State Selective Service sent 2,338 men to the army's examining stations during January for pre-induction examinations. A total of 949 was found unacceptable by the army because of failure to pass physical, mental, or moral requirements. This means that four out of every 10 men were turned down for service by the army.

"The law makes acceptance or rejection of men for military service the responsibility of the Department of Defense and not Selective Service," General Wakefield pointed out.

During January, four doctors and dentists were sent for army physical examinations, three out of the four being accepted. Four physicians and five dentists were commissioned by the armed forces after orders to report forinduction were issued.

Swifty Gets Slowed Down

Swifty Fisher has a short temper and really hit the roof when he got a parking ticket last week. He wasn't near a hydrant or too far from the curb. There was a big sign saying "ONE HOUR PARKING" and he'd only been gone twenty minutes.

Running to Traffic Court, where Hack Miller was on duty, Swifty hollered how he hadn't done anything wrong...how he is the most law-abiding driver in town.

But Hack examined the ticket, and smiled. "Slow down, friend," he said. "You're not guilty—except of making a big fuss over nothing. *This ticket came from some kid's policeman play outfit!*"

From where I sit, jumping to conclusions can make anyone appear silly. Another way to look foolish is to make a quick decision on a question of personal preference. For instance, I like a glass of beer occasionally. You may be a buttermilk man. But neither of us ought to "lay down the law" about the other's choice.

SMILE OF TRIUMPH

A RADIANT SMILE OF TRIUMPH spreads across the happy face of Manuel Greigo as he tries out his new artificial limbs at the Texas Scottish Rite Hospital for Crippled Children at Dallas. The 13-year-old San Antonio boy lost both legs in a rock quarry accident last year and doctors were dubious whether Manuel could wear artificial limbs, since the amputations were almost at the hip line. Another great triumph was scored last week at the hospital when the homeless boy found he could walk again. At the left, Manuel is shown as he entered the Masonic-sponsored hospital last September and being received by Mrs. Alma Power, superintendent. At the right he wears a proud smile for John McKee, president, and Asher Mintz, secretary of the Scottish Rite Hospital.

In The House of Representatives

BY HERMAN YEZAK

Jan. 23-Feb. 4—The House created a five-member committee to investigate charges of profiteering and irregularities in the Veterans' Lan program. The Senate committee investigating the program is scheduled to expire on February 15. The investigation of the Veterans' Land program is getting constant state-wide publicity and attention.

A bill by the Houston delegation to move the First Court of Civil was returned from the floor of the House back to a committee. Such action by the House generally means that the measure has no chance for passage during this session of the Legislature.

Two bills have been introduced to exempt women from jury service that are following a specific profession and with small children. It is very likely that one of these bills will be enacted into law.

Three Texas gasoline marketing groups have gone on record opposing the two-cent tax increase on gasoline. These groups recommended that the State issue bonds to be retired by dedicating one cent of the present four-cent tax on gasoline. The group also recommended a twenty-cent tax levy on trade stamps and premiums, which they claim would provide an annual revenue of ten million dollars. The three gasoline marketing groups are the Texas Service Station Associated, the Texas Oil Jobbers Association, and the Petroleum Marketers Association.

On Thursday the House argued briefly over a bill dealing with Naturapaths before adjouring.

The members of the House have introduced 339 House Bills and 25 Constitutional Amendments. The Senate count stands at 158 Senate Bills and 5 Constitutional Amendments introduced.

Bills of significance that have been introduced are as follows:

1. Prevent the sale and offering for sale of fireworks.
2. To place filling stations under the chain-store tax.
3. Increase drivers' license fees by fifty cents.
4. To provide a confiscation of vehicle when used for transportation of narcotics.
5. Increase the membership on the Livestock Sanitary Commission.
6. To increase the milk-fat content in milk when sold to consumers.
7. Allow Poll-tax payers the opportunity to declare party affiliation.
8. Exempt persons over the age of 65 from payment of individual fishing license.
9. To abolish the office of County School Superintendents.
10. Make it optional for banks to close on Saturdays.
11. Three bills provide for Congressional redistricting.
12. Make it unlawful to write, handle, or distribute lewd or corruptive literature.

Former Resident Marries In Hospital

Barbara Joyce Joiner, 17 of Levelland had her wedding day as scheduled Saturday, despite bad luck" enough to make any bride despair!

In a bedside ceremony, conducted in a room at the West Texas Hospital by the Rev. Bob Robbin, pastor of the Trinity Baptist church Levelland, Barbara was married to Donald Johnson, 20, 2102 17th St. Lubbock, in the presence of the couple's parents and relatives.

Young Johnson is a former resident of Cameron where he was reared. He is the step-randson of Mr. and Mrs. Ed Westbrook of Cameron.

Saturday was the day the couple had set for their wedding all along. Only the place was to have been the Trinity Baptist Church in Levelland. But Fate stepped in a little over a week ago and did his level best to upset all the well-laid plans.

On Jan. 20 Donald had an accident. While working at the Farmer's Co-Op Compress, Lubbock, the cotton loader which he was driving collided with another vehicle. Donald was taken to the hospital with both legs broken, one below the knee and the other in two places. With his legs firmly cased in heavy casts; it was plain that the prospective bridegroom was not going to be able to walk his bride down any church aisle.

Neither of the young people would consider postponing the ceremony. They had waited too long. And where there's love, there's a way. If Donald couldn't come to the wedding, then the wedding would come to Donald.

Barbara, trim in a black and white outfit, wearing a corsage of carnations, took her place at his bedside, her hand firmly held in his, Donald propped up against the pillows as if those casts were nothing at all, smiled happily. Standing with the couple were J. D. Clifton of McCamey, the best man and Rosalie Johnson, the bridegroom's sister as maid of honor. They were property nervous. They are to be married themselves two weeks from that day at the home of Clifton's sister in Levelland.

In the little room were the family group: Mrs. Lucy Maples, the bride's grandmother; Mrs. Gerlad Joiner and Mrs. John Joiner, the bride's sisters-in-law, all of Levelland; the brides' parents, Mr. and Mrs. Boone Joiner, Levelland. The bridegroom's parents, are Mr. and Mrs. J. D. Westbrook, formerly of Cameron and now of Lubbock.

It there is a honeymoon trip, it will have to be postponed. Donald is set to go home on Monday or Tuesday, but the cast will have to stay on for five or six weeks more, according to his doctors.

Savings Bonds maturing this month?

HERE'S HOW TO GET $1.80 BACK FOR EACH $1.00 YOU PAID

HAVE you heard the money-making news about your U. S. Savings Bonds? Even though they've reached maturity they'll still go on earning interest for another 10 years!

Of course, you may still redeem your Bonds whenever you wish. But if you want them to go right on earning extra money for you—as 3 out of every 4 Bond owners are doing—all you have to do is keep them. There's nothing to sign, no visit to the bank required.

With this extended interest period, your Bonds can now earn up to *80% more than you originally paid*. For instance, if you invested $37.50 in a Bond in 1945, it is worth $50.00 today. But if you hold it for 10 years more, it will be worth $67.34—giving you a net return of $29.84.

It's easy to see why so many Americans are holding on to their Bonds—and investing in more through the Payroll Savings Plan. This plan does your saving *for* you. You merely sign up at the pay office where you work and tell the people there what you want to save each payday. They'll put that amount aside for you—before you get your check. When enough accumulates, they'll buy a Bond in your name and turn it over to you.

For your future—and the future of America—hold on to the Bonds you own. And go on investing in Bonds regularly where you bank—or through the Payroll Savings Plan where you work.

Want your interest paid as current income? Invest in 3% Series H.

United States Government Series H Bonds are new current income Bonds in denominations of $500 to $10,000. Redeemable at par after 6 months and on 30 days' notice. Mature in 9 years, 8 months and pay an average of 3% per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be obtained through any bank. Annual limit: $20,000.

This chart shows the 10-year extended earning power of your bonds

Yoes Take Doubleheader From Rosebud

The Cameron Yoemen and the Rosebud Black Panthers bounced around the court awhile Friday night, but when the game was over the Yoemen had the edge, 51-46.

It was Cleve Sapp who was fighting a one-man battle as he tried in vain to cut the Yoes lead in the last quarter, but there just wasn't enough time.

Joseph Michalka, the Yoemen's lanky forward, led the locals attack as he scored 22 points. Sapp of Rosebud was close behind with 21.

The wild with excitment game saw Cameron with the lead, 18-15 at the close of the first quarter but Rosebud held the lead at the half, 30-28. Cameron took over in the third quarter, racking up enough points to stay ahead, and led as the teams went into the last quarter, 41 to 32.

The Yoemen made a clean sweep of the night as the B team took the game from Rosebud, 45 to 42. High for the Panthers was Buddy Franz with 18 while Burk Barr paced the Little Yoes, with 14.

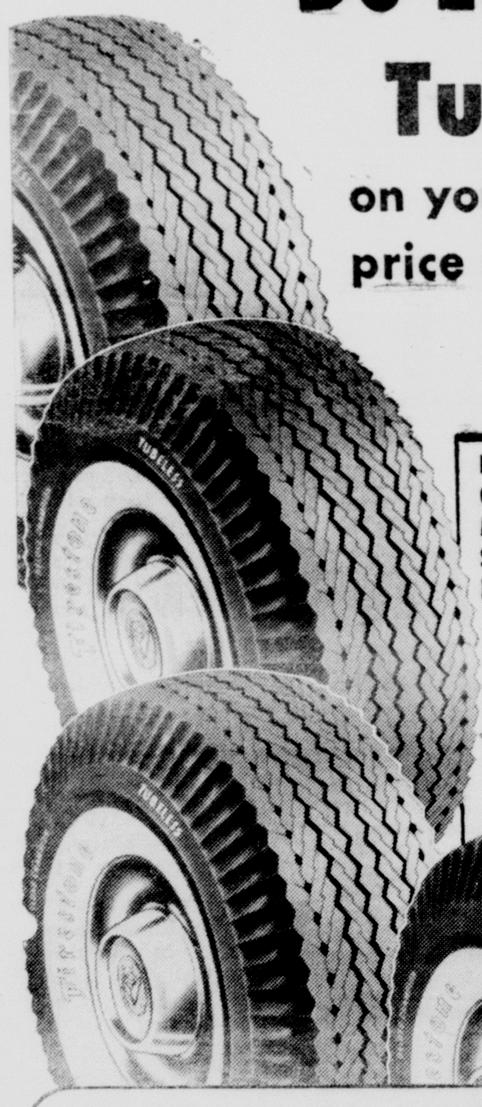
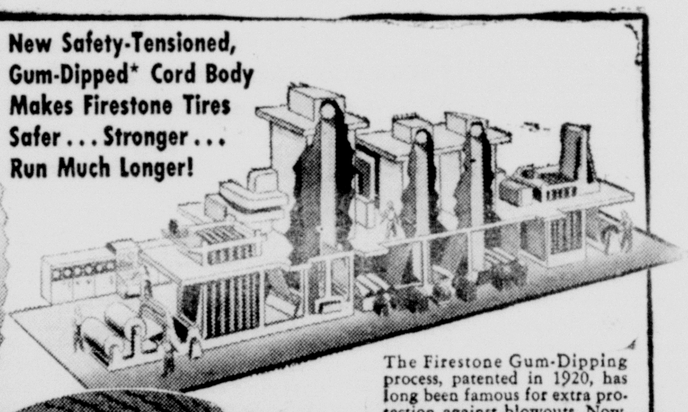
GOOD NEWS for MOTORISTS

Now.... you can put new Firestone De Luxe Champion Tubeless Tires on your present car for the same price as regular tires and tubes

The Standard Equipment Tire on the New 1955 Cars . . .



New Safety-Tensioned, Gum-Dipped* Cord Body Makes Firestone Tires Safer . . . Stronger . . . Run Much Longer!



The Firestone Gum-Dipping process, patented in 1920, has long been famous for extra protection against blowouts. Now, with valuable speedway experience and millions of miles of testing on the highway, Firestone combines Gum-Dipping with *Safety-Tensioning* to take the stretch out of tire cords, a major cause of tire failure in high speed driving. The result is *greater blowout protection* and *longer tire life.*

*T.M. Reg. U.S. Pat. Off.

All These Extra Features at No Extra Cost

BLOWOUT PROTECTION

No tube to pinch or explode! The Safety-Liner, which holds the air, also reinforces the tire . . . instead of a dangerous blowout you get a slow leak.

PUNCTURE PROTECTION

If a nail should penetrate this tire, the Safety-Liner grips it and slows air loss . . . No sudden flat tires . . . no need to change flats on the road.

SKID PROTECTION

Newly designed silent tread has more angles . . . more skid-protecting edges than ever before . . . has 70% more skid-resisters than ordinary tires.

QUIETER RUNNING

No hum or whine because tread elements overlap to prevent rhythmic vibration. Silent Safety-Grip Tread won't squeal even on sharpest turns.

GREATER COMFORT

New resilient tread compounds and flexible tread design absorb road shock. Elimination of the inner tube also provides a softer, more comfortable ride.

LONGER MILEAGE

The tread is compounded of extra-tough wear-resistant rubber. Its Safety-Tensioned, Gum-Dipped* Cord Body prevents dangerous tread cracking.

February 15 Last Day To Apply For Drouth Program

Applications for hay and feed grain assistance under the emergency drouth programs will not be accepted after February 15. This word comes from the United States Department of Agriculture.

The announcement of a new application acceptance deadline is in keeping with the USDA's policy to bring the emergency feed program to a close as soon as spring pastures and forage become available.

But should acute drouth continue in an area, the State Drouth Committee can request continued assistance.

One-hundred twenty-seven Texas counties currently are on the official drouth-aid list.

Applications approved before the February 15 cut-off date can cover needed hay and feed grain supplies up to the middle of April since the purchase orders may be issued for needed supplemental hay and feed grain for a period up to 60 days.

The feed grain program was set up to supplement the already existing hay program. Farmers Home Administration emergency loans and certain cost-share assistance designed to help eligible farmers and ranchers maintain basic livestock herds.

Nitrogen Data For Grass Species

Nitrogen fertilizer effect on warm-season perennial grasses varies with seasonal precipitation and grass species. Results of three rates of nitrogen on KR bluestem during the 1952-53 season are given below. These data were obtained on plots established in the spring of 1950. They received 50 pounds of elemental nitrogen during the 1950 and 1951 seasons.

Pounds per acre of Elemental Nitrogen Applied in Spring, 0, 50, and 100.

1952 Hay Yields Air Dry Weight Tons Per Acre, 1.35, 1.92, 2.10.

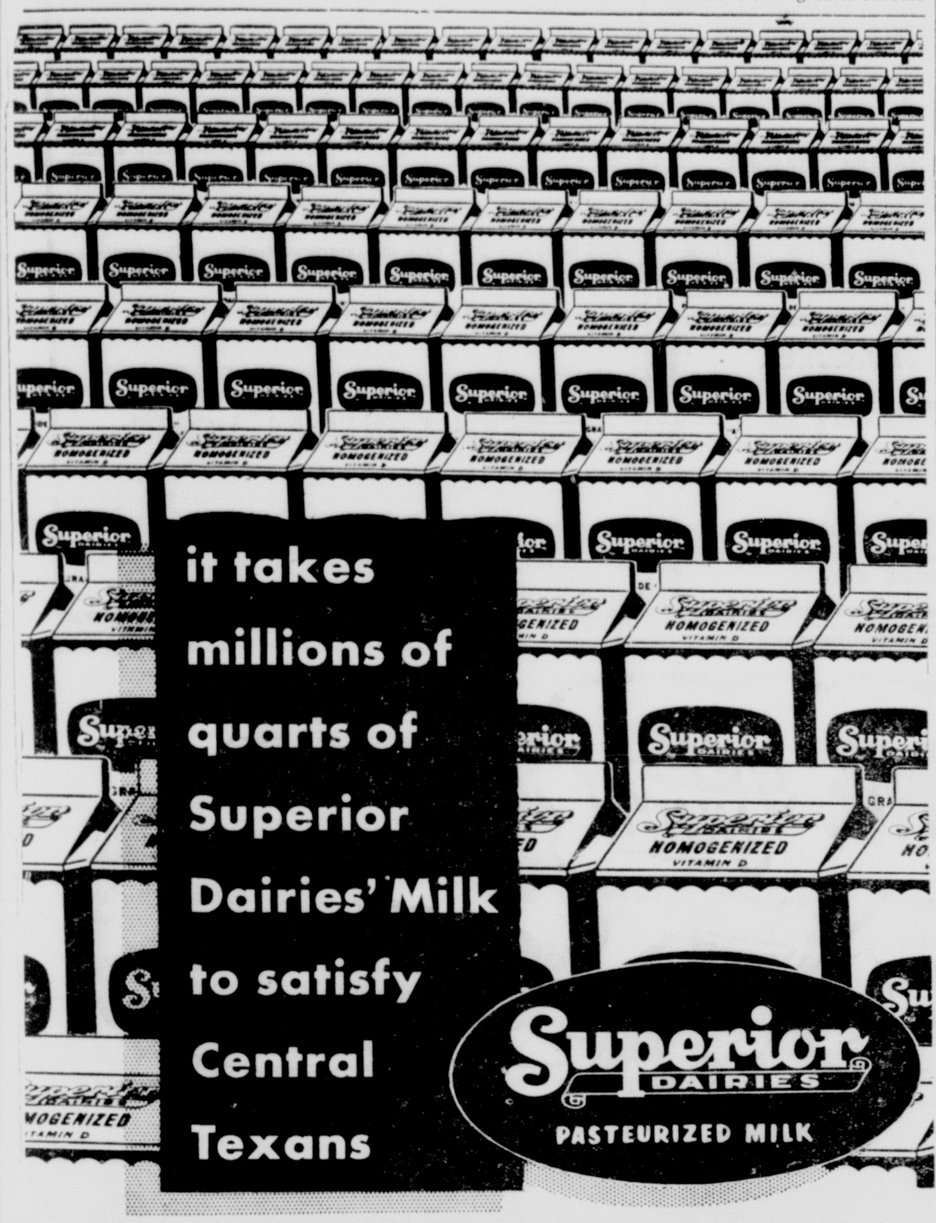
1953, Hay Yields, Air Dry Weight Tons Per Acre, 1.11, 2.12, 2.37.

2-Year Average Tons Per Acre, 1.23, 2.02, 2.24.

Nellum On Prairie View Honor Roll

It was announced today that Eddie C. Nellum of Cameron was listed on the honor roll for his first semester of work at Prairie View Agricultural and Mechanical College.

Acting Registrar L. C. McMillan, stated, "We feel that this student is to be commended and encouraged to achieve even greater success"



Central Texans demand millions of quarts of Superior Dairies' Grade A milk . . . because it's so wholesome, refreshing and tastes so good. Rigid laboratory control assures you the finest quality milk . . . from dairy farm to your table.

Buster McDonald Named Salesman Of Lone Star Gas

The appointment of Buster McDonald as air-conditioning salesman in Lone Star Gas Company's Waco Division of Distribution has been announced by Division Superintendent A. P. Rowland of Waco.

McDonald will have headquarters in Waco and for the time being

his territory will include some 50 towns in Lone Star's Corsicana, Hillsboro, Marlin, Mexia, Palestine Waxahachie and Waco districts. However, Rowland said, McDonald will be subject to work in all of the towns making up the entire division of 18 districts.

Born at Richland Jan. 7, 1921, McDonald entered the United State Navy July 6, 1942, as apprentice seaman, served in the South Pacific and was discharged Nov. 3, 1945, with the rating of Pharmacists Mate 2-c. He began his career with Lone Star in 1947 at Corsicana in the customer service department. Four months later he was assigned to sales work in the Corsicana District.

McDonald is a member of the Church of Christ and at Corsicana was on the Lions Club board of directors. For the past four years he has attended Navarro Junior College at night majoring in business administration. He is married to the former Rose Marie Palmer of Corsicana. They have a daughter, Rose Ann McDoanld, age eight years.

McDonald's father is A. M. McDonald of Corsicana.

Abilene College Bible Lectures Are Planned For February

Principal speakers and subjects for the 1955 Abilene Christian College Bible Lectureship have been announced by J. D. Thomas, lectureship director.

The 37th annual lecture series will be held Feb. 20-24. Theme of the program will be "Observe All Things."

The ACC Bible Lectureship, which consists of a series of lectures on Bible subjects, annually draws the largest gathering of church of Christ members in the United States. Last year more than 5,000 church members were on the campus.

Main speakers for 1955 are:

Gus Nichols, Jasper, Ala., "Withdraw Yourselves From Those Who Walk Disorderly."

Dan Fogarty, Longview, "Not Forsaking the Assembly."

Alonzo Welch, Memphis, Tenn., "In Nothing Be Anxious."

C. E. McGaughey, Oklahoma City, Okla., "Love the Brotherhood."

Charles Chumley, Nashville, Tenn "Follow After Peace."

Pat Hardeman, Urbana, Ill. "The Letter and the Spirit."

Frank Dunn, Dallas, "And the Word Became Flesh."

George DeHoff, Murfreesboro, Tenn., "The Word of God Which Lives and Abides."

Also, 25 special classes and four panel discussions will be conducted during lecture week.

Two Vacancies Filled In Local Guard Unit

Two more vancancies were filled in Battery C, 649th Anti-aircraft Artillery Battalion this week, the local National Guard unit said when reporting an enlistment by a Sharp High School student and one by a Yoe High student who is a resident of Burlington.

They were listed as John R. Caffey and Frank J. Ulicnik, Jr. Ulicnik, a Yoe High student, also is engaged in farming with his father near Burlington. Caffey attends Sharp High School; he is a football player and is active in F. H.A. work.

Battery C also reported one loss in the unit when Cpl. Charles L. Eanes recently enlisted in the U.S. Navy. Eanes had been a member of the Battery for almost two years.

The unit also stated it had been informed by Mr. Hinton H. Pruett, School Supt., that Guardsmen helping in the recent "bucket brigade" fund raising campaign for the March of Dimes had been credited with brining in $138.00. The Guardsmen were stationed at the traffic light stop on North Travis during the afternoon of the drive. Eighteen members of Battery C took part and they included: CWO Eugene A. Mees, Lt. Borden C. Ward, Cpl. Layton D. Scott, M-Sgt. Peter F. Kunz, M-Sgt. Denson Crouch, Sfc. Eugene A. Mitchan, Sgt. Milush J. Kostiha, Pfc Edward P. Brady, Pfc. David E. Eubanks, Pfc. Ladis J. Dohnalik, Pvt. Claro Canizales, Cpl. Joseph L. Mondrik, Pvt. Albert F. Mondrik, Cpl. Louis J. Hubnik, Pfc. Henry C. Hubnik Pfc. Donald E. Shuffield, Pvt Rudolph Tepera and Pfc. Jimmy L. Crook.

As March of Dimes chairman for Milam County, Mr. Pruett expressed his thanks to all members of the Battery for their help in the fund raising drive.

Mr. and Mrs. John Heese and family of Taft were over night guests Tuesday of Mr. and Mrs. Frank Karnowski. They also visited Mr. Heese's aunt and uncle, Mr. and Mrs. John Karnowski of Cameron. They will also visit in Burlington and Rosebud.

Brief Historical Sketch Of The Cameron Chamber of Commerce

The Cameron Chamber of Commerce, as it is known today, originated as the Cameron Commerical Club that was organized in Cameron, Texas in September, 1918.

The original organization, the Cameron Commerical Club, was incorporated under the coroporation laws in the state of Texas as an organization to establish and maintain a chamber of commerce for Cameron and Milam County, Texas and to provide and maintain suitable rooms therefor; to acquire, preserve and to disseminate business and other useful information; and to promote he public interest in Cameron. Charter directors in the Cameron Commerical Club were Robert McLane, R. P. Jeter, B. F. Bonds, W. G. Gillis, C. W. Lawrence, H. M. Hefley, J. T Parma, T N. Herring, T. S Henderson, J E. Mangum, O. M. Smith, E. A. Flinn, A. H. Baskin, R. H. McIntosh and J. D. Dobbins.

Many useful and valuable projects designated to improve business conditions in Cameron and Milam County were carried out by the Commerical Club Activities of this organization were limited to a relatively small scale and it was during the 1930's that a group of men realized that during those critical years the organization should extend and broaden its activities. In so doing,, its name was changed from the Commerical Club to the Cameron Chamber of Commerce. This event took place during the month of March, 1935. Officers and directors of the Chamber of Commerce during this period were: E. C. Cole, President; W. F. Paden, Secretary; John B. Henderson, Lester Hughes, Alvin Dusek, E. D. Parnell, O. C. Acrey, F. J. Beckerman and Albert Collins.

The constitution and by-laws as adopted in June, 1938 stipulated that there should be committees formed to carry out activities in the following phases; Membership and Finance, Civic Improvement, Agriculure, Highway and Roads, Education and Public Health, Home Industry and Development, Entertainment and Publicity and Fire Prevention and Legislative.

Practically every progressive move in Cameron and Milam county during the past thirty-four years has been instigated by or has had sanction by the Chamber of Commerce.

Much work has been devoted to the field of Agriculture. Technological changes have created the need for educational work in agriculture that will keep the farm and ranchers abreast with modern methods. Agriculture and agriculure products have been the chief sources of income for a great number of years. Higher production and yields on these commodities have been the gold of the Chamber of Commerce's agricultural phase. It is impossible to concentrate on one phase of the Chamber of Commerce's work in Milam County; therefore; a well rounded program has been shaped to allow time and efforts toward highway improvements,, industrial development, civic improvement, trade development, health and sanitation, education, publicity and business relations.

Recent developments in Milam County toward industrialization have created tremendous interest. The Aluminum Company of America, pioneering the use of lignite as an economical fuel, has created interest for additional industry tolocate in Milam County, and utilize the important factors and natural resources found here. Such important factors as abundance of electrical power, natural gas, lignite, oil, water, clay, gravel, and a surplus of labor caused forecasters to predict an optimistic outlook for Cameron and Mialm county.

Managers who have served the Chamber of Commerce are: W. F. Paden, L. Van Perkins, Mrs. A. J. Lewis and L. G. Smith, Robert D. Abel, Jr., with Mrs. Barbara Smitherman as the present manager.

Mr. and Mrs. Joe Sheguit and Dicky and Bobby Scott, Betty Grace Varner visited Mr. and Mrs. Billy Scott in Austin last Sunday.

BROTHERHOOD — lity, acted out or repressed, springs from a sense of guilt, resulting from their unkindnesses and injustices, they are cleansing their minds, hearts and souls. As they use their newly acquired understanding of how human minds work, how human hearts react, there is being born a new and glorious hope for the human race, a hope that the spirit of true brotherhood is coming into being at last.

One group after another joins this movement toward brotherliness: that is, the church, the home and the school; the press, television and the radio.

In large measure this change has come about under the influence of the National Conference of Christians and Jews, its promoters having engaged in one of the noblest undertakings of the twentieh century. From year to year the Conference, nation-wide, moves from strength to strength, bringing new harmony, new happiness and new blessings into millions of lives.

Mr. and Mrs. Maddox Observe Sixty-Fifth Wedding Anniversary

Mr. and Mrs. H. N. Maddox quietly observed their sixty fifth wedding anniversary at their home at 1302, North Fannin, February 9, 1955.

Mrs. Maddox was 82 years of age, April 4, 1954 and Mr. Maddox was 87 April 28, 1954. They have two daughters, two sons and two grandsons.

Mr and Mrs. Maddox were married at Sharp, "in the middle of the road, setting in a buggy", Mr. Maddox said as he told a reporter over the telephone about the wedding. He said the wedding vows were read by an old time preacher, but he didn't remember his name. Mrs. Maddox's brother, Pete Baird attended the wedding. She was the former Clara Baird.

The Maddox family was made their home at Tracy and on the old Triggs place near Cameron, having come to Cameron nineteen years ago to make their home.

Both Mr. and Mrs. Maddox are enjoying fairly good health and are looking forward to many more happy anniversaries.

MIGRAINE

BY

J. E. BOYCE, D. C.

If your sick headache is on one side of your head and one eye, accompanied by pale face, nausea, black sunken eyes, vomiting, intolerance of light or noise, and if you are just blanked out and in a painful stupor, you are a member of this much too large fraternity of periodic suffers.

I say, much too large fraternity because, although the usual treatment resolves itself into a shot of strong sedative, and nothing done for the removal of the cause, we have discovered there is a cause that can be removed in about nine out of ten cases that come looking for it.

We discover derangements in central nerve system under the head and when they can be corrected the results are instantaneous, or nearly so. Sometimes correction takes more time, but let's look at this actual clinic case.

A Cameron women - age 52, came to our clinic suffering from Migraine Headaches for the past 15 years. Hypos and medication brought little relief - patient would be in bed several days, couldn't eat or sleep. During our examination she also reported, backaches, sinusitis, nervouness and complete exhaustion for several days after the migrane attacks. Our x-rays revealed the cause to be a severe spinal block at the base of the skull. Adjustments removed this cause and today this lady is enjoying a normal healthful life free from pain.

While our critics go about saying it can't be done, we have already done it. Results speak for themselves.

U. S. Has 1,370,000 Potential Combat Troops Ready

WASHINGTON, Feb. 15— The United States now has 1,370,000 potential combat troops assigned to 950 overseas military bases, the Defense Department disclosed Tuesday.

The figures were supplied to the House in response to a resolution of inquiry introduced by Rep. Clare E. Hoffman (R-Mich.)

Hoffman, who has been sharply critical of some phases of U. S military and diplomatic planning, said he was trying to get at "the need for the draft and the extent of our military commitments abroad." He was one of four congressmen who voted against the 4-year draft extension.

The Defense Department also reported that U. S. forces overseas are backed up by 1,602,000 potential combat troops assigned to bases in the United States. Neither figure includes Wacs, Waves, Wafs and lady Marines who are not eligible for combat duty.

G. I. Benefits Extended By The President

WASHINGTON Feb. 15— President Eisenhower signed legislation Tuesday granting full GI educational benefits to all persons who entered the armed forces prior to Feb. 1 1955.

The bill countermands an order made by the Chief Executive Jan. 1 barring the accumulation of educational benefits after Jan. 31.

Under the measure, persons who entered the armed forces prior to Feb. 1 can accumulate up to 36 months of educational rights. It is expected that about 1,500,000 service personnel will attend school under the program during the next decade.

One land one-half days of schooling can be accumulated for every day of service up to the 36-month limit.
